Dear Mr. & Mrs. Parker:

Additional Farm Dwelling Agreement

Applicants: Marlin Parker and Pam Parker

Land Owners: Marlin Parker and Pam Parker

Tax Map Key: (3) 7-3-024:040

Pursuant to authority conferred to the Planning Director by Chapter 25, Article 5, Division 7, Section 25-5-77 of the Zoning Code and Planning Department Rule 13, Farm Dwellings, we have reviewed your request for an additional farm dwelling on the subject property. Your submittals included the following information:

1. A notarized affidavit that the additional dwelling shall be used for farm-related purposes in the form of the enclosed Additional Farm Dwelling Agreement to be submitted for recordation with the Bureau of Conveyances.
2. Name and address of the landowner(s) or lessee(s), if the latter has a lease on the building site with a term exceeding one year from the date of the farm dwelling agreement.
3. Written authorization of the landowner(s) if the lessee filed the request.

NOV 14 2002

4. A farm plan or evidence of the applicant's continual agricultural productivity or farming operation within the County, including an explanation of why this additional farm dwelling is needed in connection with the agricultural productivity or farming operation. Your farm plan included the following ongoing and proposed income producing agricultural activities:
 - (a) Ongoing agricultural activities include the following:
 - i. Approximately 1½ acres of the subject property is planted with 60 mature avocado trees; and
 - ii. Approximately 40,000 square feet of the subject property is planted with a mixed variety of fruits including, banana, cherry, lemon, lime, mango, grapefruit, pineapple, orange, tangerine, tangelo, pomelo, and macadamia nuts.
 - (b) Proposed agricultural activities include the following:
 - i. The construction of a greenhouse for the cultivation of various herbs and vegetables including, but not limited to, lettuce, tomatoes, and carrots;
 - ii. The planting of approximately an additional 40 pineapple plants; and
 - iii. The planting of approximately 12 additional citrus trees of mixed variety.
5. In support, evidence of a State of Hawaii Department of Taxation's General Excise (GE) Tax License has also been presented.

Findings:

1. In Chapter 205, Hawaii Revised Statutes (HRS), the State Land Use Law does not authorize residential dwellings as a permitted use in the State Land Use Agricultural district unless the dwelling is related to an agricultural activity or is a farm dwelling. A **farm dwelling** as defined in Section 205-4.5, Chapter 205, HRS, **means a single family dwelling located on and used in connection with a farm**, including clusters of single family farm dwellings permitted within agricultural parks developed by the State, **or where agricultural activity provides income to the family occupying the dwelling.** (emphasis added)

2. The subject lot was created by subdivision (SUB 5283) approved on August 2, 1985, which, pursuant to HRS §205-4.5(b), requires that the first dwelling on the lot be used as a farm dwelling.
3. The Farm Plan, GE Tax License (ID number 30039801), and the agreement to use the dwelling for agricultural or farm-related activity on the building site demonstrate that there is income producing agricultural activity and the income is being taxed.
4. In addition, the following agencies have submitted their comments as stated below:
 - (a) Department of Water Supply (Letter dated October 28, 2002):

“We have reviewed the subject application and have the following comments and conditions.

For your information, an existing service lateral for a 5/8-inch meter is available to this property and is adequate for only one dwelling at 600 gallons per day. This application is proposing an additional detached dwelling, so the installation of a separate 5/8-inch meter by the applicant is required in accordance with Department regulations. Water is available from the 4-inch waterline in Kahualani Drive.

Therefore, the Department has no objections to the proposed application subject to the applicant understanding and accepting the following conditions:

1. Installation by the Department of Water Supply of a second 1-inch service lateral to service a 5/8-inch meter, which shall be restricted to a maximum daily flow of 600 gallons per day.
2. Installation of two backflow preventers (reduced pressure type) by a licensed contractor on the applicant's property just after each of the meters. The installation and assembly of the backflow preventers must be inspected and approved by the Department before the water meter can be installed. The backflow preventers shall be operated and maintained by the customer. A copy of our backflow preventer handout is being forwarded to the applicant to help them understand this requirement.

3. Remittance of the following charges, which are subject to change, to our Customer Service Section:

a. Facilities Charge (One 2 nd service at \$4,350.00 each)	\$4,350.00
b. Capital Assessment Fee	500.00
c. Service Lateral Installation Charge (Install one meter on Kahualani Drive, a County road)	<u>2,250.00</u>
Total (Subject to Change)	\$7,100.00

Should there be any questions, please call our Water Resources and Planning Branch at 961-8070.”

(b) Real Property Tax Office (Memorandum dated October 14, 2002):

“Property is receiving full agricultural use value.

Real Property taxes are paid through December 31, 2002.”

(c) Department of Health (Memorandum dated October 14, 2002):

“The subject lots are located in the Critical Wastewater Disposal Area where cesspools are not allowed because of water pollution concerns. Any development on these lots would require all wastewater be disposed into a Septic Tank System.”

Decision:

In view of the above, your request to construct a second farm dwelling is approved subject to the following conditions:

1. The additional farm dwelling shall only be used to provide shelter for persons involved in the agricultural or farm-related activity on the building site. Family members who are not engaged in agricultural or farm-related activities are allowed to reside in the farm dwelling.

2. The agreement shall run with the land and apply to all persons who may, now or in the future, use or occupy the additional farm dwelling. The enclosed Additional Farm Dwelling Agreement must be returned to the Planning Department with the appropriate notarized signatures along with a check made out to the Bureau of Conveyances in the amount of \$25.00 in accordance with the enclosed Additional Farm Dwelling Agreement Instructions. The Planning Department will not approve a building permit application for the additional dwelling until the AFDA document and all required attachments have been accepted for recordation.
3. All other applicable rules, regulations, and requirements of the Planning Department (including but not limited to the Zoning Code, Chapter 25, Department of Public Works, Department of Water Supply, Fire Department and State Department of Health and other reviewing agencies/divisions listed on the Building Permit Application.
4. Your Additional Farm Dwelling Agreement has been approved based partially on proposed agricultural activity as summarized previously in this letter. It is required that the First Party (owners and lessees) to the Agreement shall have implemented at least 75% of the proposed farm plan within three (3) years of approval of the building permit for the additional farm dwelling. The Second Party (County of Hawaii Planning Department) of the Agreement may allow time extensions and modifications for good cause shown by First Party.
5. The First Party shall allow the Second Party or its representative to inspect the farm upon reasonable prior notice.
6. This Additional Farm Dwelling Agreement shall be valid for a period of two (2) years from the date of this approval letter to secure a building permit for the additional farm dwelling. Failure to secure a building permit for this additional farm dwelling on or before November 7, 2004 may cause the Director to initiate proceedings to invalidate the AFDA.
