Dear Ms. Zelisko:

Additional Farm Dwelling Agreement

Applicant: Linda L. Zelisko

Land Owner: Linda L. Zelisko

Tax Map Key: (3) 7-4-006:009

Pursuant to authority conferred to the Planning Director by Chapter 25, Article 5, Division 7, Section 25-5-77 of the Zoning Code and Planning Department Rule 13, Farm Dwellings, we have reviewed your request for an additional farm dwelling on the subject property. Your submittals included the following information:

1. A notarized affidavit that the additional dwelling shall be used for farm-related purposes in the form of the enclosed Additional Farm Dwelling Agreement to be submitted for recordation with the Bureau of Conveyances.
2. Name and address of the landowner(s) or lessee(s), if the latter has a lease on the building site with a term exceeding one year from the date of the farm dwelling agreement.
3. Written authorization of the landowner(s) if the lessee filed the request.
4. A farm plan or evidence of the applicant's continual agricultural productivity or farming operation within the County, including an explanation of why this additional farm dwelling is needed in connection with the agricultural productivity or farming operation. Your farm plan included the following ongoing and proposed income producing agricultural activities:

Exhibit A

014069
FEB 05 2002

- (a) No ongoing agricultural activities were identified.
 - (b) Proposed agricultural activities include the following:
 - i. The construction of an 800 square foot greenhouse for the purpose of growing a variety of Cilantro on a commercial scale.
5. In support, evidence of a State of Hawaii Department of Taxation's General Excise (GE) Tax License has also been presented.

Findings:

1. In Chapter 205, Hawaii Revised Statutes (HRS), the State Land Use Law does not authorize residential dwellings as a permitted use in the State Land Use Agricultural district unless the dwelling is related to an agricultural activity or is a farm dwelling. **A farm dwelling as defined in Section 205-4.5, Chapter 205, HRS, means a single family dwelling located on and used in connection with a farm, including clusters of single family farm dwellings permitted within agricultural parks developed by the State, or where agricultural activity provides income to the family occupying the dwelling.** (emphasis added)
2. The Farm Plan, GE Tax License (ID number 30125412), and the agreement to use the dwelling for agricultural or farm-related activity on the building site demonstrate that will be income producing agricultural activity and the income will be taxed.
3. In addition, the following agencies have submitted their comments as stated below:
 - (a) Department of Water Supply (Letter dated January 8, 2002):

“We have reviewed the subject application and have the following comments and conditions.

For your information, an existing 1-inch service lateral services this property and is adequate for only one dwelling at 600 gallons per day. As this application is proposing an additional detached dwelling, installation of a separate 1-inch service lateral for a 5/8-inch meter, in accordance with Department regulations, is required by the applicant. Water is available from the 6-inch waterline in the road leading to the access way of the parcel with a signed “Policy & Conditions for Water Service (Premises not within service limits of the Department).”

Therefore, the Department has no objections to the proposed application subject to the applicant understanding and accepting the following conditions:

1. Installation, by the Department of Water Supply, of a second 1-inch service lateral to service a 5/8-inch meter, which shall be restricted to a maximum daily flow of 600 gallons as is the existing service.
2. Installation of a backflow preventer (reduced pressure type) by a licensed contractor on the applicant's property just after the meter. The installation and assembly of the backflow preventer must be inspected and approved by the Department before the water meter can be installed. The backflow preventer shall be operated and maintained by the customer. A copy of our backflow preventer handout is being forwarded to the applicant to help them understand this requirement.
3. Remittance of the following charges, which are subject to change, to our Customer Service Section:

a. Facilities Charge (One 2 nd service at \$4,350.00 each)	\$4,350.00
b. Capital Assessment Fee	500.00
c. Service Lateral Installation Charge (Install one meter on County Right-of-Way)	<u>2,250.00</u>
Total (Subject to Change)	\$7,100.00

Should there be any questions, please call our Water Resources and Planning Branch at 961-8070."

(b) Real Property Tax Office:

No comments were submitted.

(c) Department of Health (Memorandum dated January 9, 2002):

"The proposed Septic Tank System would need to be designed by a Registered Professional Engineer licensed by the State of Hawaii. Please submit the plans to the Wastewater Branch in Kona for approval."

Decision:

2. The agreement shall run with the land and apply to all persons who may, now or in the future, use or occupy the additional farm dwelling. The enclosed Additional Farm Dwelling Agreement must be returned to the Planning Department with the appropriate notarized signatures along with a check made out to the Bureau of Conveyances in the amount of \$25.00 in accordance with the enclosed Additional Farm Dwelling Agreement Instructions. It is required that the First Party (owners and lessees) to the Agreement shall have implemented at least 75% of the proposed farm plan within three (3) years of approval of the building permit for the additional farm dwelling. The Second Party (County of Hawaii Planning Department) of the Agreement may allow time extensions and modifications for good cause shown by First Party.
