Dear Mr. Colden:

Additional Farm Dwelling Agreement (2004-0002)
Applicant: Gregory M. Colden
Owner: Gregory M. Colden
State Land Use: Agricultural
County Zoning: Agricultural (A-5a)
Land Area: 5.0 acres
TMK: (3) 7-8-006:064

Pursuant to authority conferred to the Planning Director by Chapter 25, Article 5, Division 7, Section 25-5-77 of the Zoning Code and Planning Department Rule 13, Farm Dwellings, we have reviewed your request for an additional farm dwelling on the subject property. Your submittals included the following information:

1. A notarized affidavit that the additional dwelling shall be used for farm-related purposes in the form of the enclosed Additional Farm Dwelling Agreement to be submitted for recordation with the Bureau of Conveyances.
2. Name and address of the landowner(s) or lessee(s), if the latter has a lease on the building site with a term exceeding one year from the date of the farm dwelling agreement.
3. Written authorization of the landowner(s) if the lessee filed the request.
4. A farm plan or evidence of the applicant's continual agricultural productivity or farming operation within the County, including an explanation of why this additional farm dwelling is needed in connection with the agricultural productivity or farming operation. Your farm plan included the following ongoing and proposed income producing agricultural activities:
 - a. Ongoing agricultural activities include maintenance of about 350 cacao trees and 30 coffee trees on approximately 2.5 acres and current planting of 2,000 cacao trees and 60 coffee trees on an additional 2.0 acres.
 - b. The present labor man-hours are approximately 20 per week to maintain irrigation, pruning and harvesting. At full production the labor man-hours are anticipated to

65484
1 SEP 17 2004

become at least 100 hours per week to maintain the full orchard operations.

5. Copies of your General Excise Tax License, a purchase order payment for wet cocoa bean sales, invoices for farm labor services and purchase of 2,000 keiki cacao plants, and a Conservation Plan with the Natural Resources Conservation Service were also submitted.

Findings:

1. In Chapter 205, Hawaii Revised Statutes (HRS), the State Land Use Law does not authorize residential dwellings as a permitted use in the State Land Use Agricultural district unless the dwelling is related to an agricultural activity or is a farm dwelling. A **farm dwelling** as defined in Section 205-4.5, Chapter 205, HRS, means a **single family dwelling located on and used in connection with a farm**, including clusters of single family farm dwellings permitted within agricultural parks developed by the State, **or where agricultural activity provides income to the family occupying the dwelling.** (emphasis added)
2. The subject lot was created by subdivision (5255) approved on June 4, 1985, which, pursuant to HRS §205-4.5(b), requires the first dwelling on the lot to be a farm dwelling.
3. The General Excise Tax License, farm plan, records of farm income and expenses, and the agreement to use the dwelling for agricultural or farm-related activity on the building site demonstrate that there will be income producing agricultural activity, and the income will be taxed.
4. In addition, the following agencies have submitted their comments as stated below:
 - a. Department of Water Supply (DWS) (Memo dated September 9, 2004):

“We have reviewed the subject application and have the following comments and conditions.

For your information, an existing 5/8-inch meter services this property and is adequate for only one dwelling at an average of 400 gallons per day. This application is proposing an additional detached dwelling, so the installation of a separate 5/8-inch meter by the applicant is required in accordance with Department regulations. Water is available from the 8-inch waterline in Māmalahoa Highway fronting the subject parcel property.

Therefore, the Department has no objections to the proposed application subject to the applicant understanding and accepting the following conditions:

1. Installation, by the Department of Water Supply, of a second 1-inch service lateral to service a 5/8-inch meter, which shall be restricted to a maximum daily flow of 600 gallons per day.
2. Installation of a backflow preventer (reduced pressure type) by a licensed contractor on the applicant's property just after each meter. The installation and assembly of the backflow preventer must be inspected by the Department

before the water meter can be installed. The backflow preventer shall be operated and maintained by the customer. A copy of our backflow preventer handout is being forwarded to the applicant to help them understand this requirement.

3. Remittance of the following charges, which are subject to change, to our Customer Service Section:

FACILITIES CHARGE: (FC)	\$5,500.00
(One 2 nd service at \$5,500.00 each)	
CAPITAL ASSESSEMENT FEE: (CAF)	500.00
SERVICE LATERAL INSTALLATION CHARGE	
(Install one meter on Mamalahoa Highway, a County road)	2,600.00
Total (Subject to Change)	\$8,100.00
Total (Subject to Change)	\$1,415.00

Should there be any questions, please contact Ms. Shari Komata of our Water Resources and Planning Branch at 961-8070, extension 252."

- b. Real Property Tax Office (RPT):
There were no comments received.
- c. Department of Health (DOH):
There were no comments received.

Decision:

In view of the above, your request to construct a **second farm dwelling** is subject to the following conditions:

1. The additional farm dwelling shall only be used to provide shelter for persons involved in the agricultural or farm-related activity on the building site. Family members who are not engaged in agricultural or farm-related activities are allowed to reside in the farm dwelling.
2. The agreement shall run with the land and apply to all persons who may, now or in the future, use or occupy the additional farm dwelling. The enclosed Additional Farm Dwelling Agreement must be returned to the Planning Department with the appropriate notarized signatures along with a check made out to the Bureau of Conveyances in the amount of \$25.00 in accordance with the enclosed Additional Farm Dwelling Agreement Instructions. The Planning Department will not approve a building permit application for the additional dwelling until the AFDA document and all required attachments have been accepted for recordation.

Gregory M. Colden

Page 4 of 4

3. The First Party shall adhere to all other applicable rules, regulations, and requirements of the Planning Department (including but not limited to the Zoning Code, Chapter 25), Department of Public Works, Department of Water Supply, Fire Department and State Department of Health and other reviewing agencies/divisions listed on the Building Permit Application.
4. Your Additional Farm Dwelling Agreement has been approved based partially on proposed agricultural activity as summarized previously in this letter. It is required that the First Party (owners and lessees) to the Agreement shall have implemented at least 75% of the proposed farm plan within three (3) years of approval of the building permit for the additional farm dwelling. The Second Party (County of Hawaii Planning Department) of the Agreement may allow time extensions and modifications for good cause shown by First Party.
5. The First Party shall allow the Second Party or its representative to inspect the farm upon reasonable prior notice.
6. This Additional Farm Dwelling Agreement shall be valid for a period of two (2) years from the date of this approval letter to secure a building permit for the additional farm dwelling. Failure to secure a building permit for this additional farm dwelling on or before September 14, 2006 may cause the Director to initiate proceedings to invalidate the AFDA.

If you have any questions please call Deborah Chang of our West Hawaii Office at 327-3510.

Sincerely,

CHRISTOPHER J. YUEN
Planning Director
