June 23, 2010

Ms. Nichole Kanda-Heath
73-4405 Holo Holo Street
Kailua-Kona, Hawaii 96740

Dear Ms. Kanda-Heath:

SUBJECT: Additional Farm Dwelling Agreement (FDA-10-000271)
Applicant: Nichole Kanda-Heath
Land Owner: Nichole Kanda-Heath
State Land Use: Agricultural
County Zoning: A-1a
Land Area: 1.115 Acres
Tax Map Key: (3) 7-3-046:080

Pursuant to authority conferred to the Planning Director by Chapter 25, Article 5, Division 7, Section 25-5-77 of the Zoning Code and Planning Department Rule 13, Farm Dwellings, we have reviewed your request for an additional farm dwelling on the subject property. Your submittals included the following information:

1. Names, address and the signatures of the applicants/landowners.
2. A farm plan or evidence of the applicants' continual agricultural productivity or farming operation within the County, including an explanation of why this AFD is needed in connection with the agricultural productivity or farming operation. Your farm plan included the following proposed income producing agricultural activities:
 - i. The growing, packaging and delivery of Cherry Tomatoes and Serrano Chili Peppers;
 - ii. Approximately eight (8) hours per week will be required to operate the farm.

Ms Kanda-Heath

Page 2

June 23, 2010

3. Applicant's commitment to the farm plan will be shown in the form of the enclosed Additional Farm Dwelling Agreement affidavit, to be notarized and submitted for recordation with the Bureau of Conveyances, which states that the additional dwelling shall be used for farm-related purposes.

Findings:

1. In Chapter 205, Hawai'i Revised Statutes (HRS), the State Land Use Law does not authorize residential dwellings as a permitted use in the State Land Use Agricultural district unless the dwelling is related to an agricultural activity or is a farm dwelling. A **farm dwelling** as defined in Section 205-4.5, Chapter 205, HRS, **means a single family dwelling located on and used in connection with a farm, including clusters of single family farm dwellings permitted within agricultural parks developed by the State, or where agricultural activity provides income to the family occupying the dwelling.**
2. The subject lot was created prior to June 4, 1976, which, pursuant to HRS 205-4.5(b), allows the first dwelling on the lot to be a single-family dwelling.
3. The Farm Plan and the agreement to use the dwelling for agricultural or farm related activity on the building site demonstrate that there is proposed income producing agricultural activity.
4. In addition, the following agencies have submitted their comments as stated below:
 - a. Department of Water Supply (DWS) memorandum dated June 15, 2010 :

“We have reviewed the subject application and have the following comments and conditions.

Please be informed that the subject parcel is currently served by a 5/8-inch meter, which is adequate for only one dwelling at an average daily usage of 400 gallons. Inasmuch as this application is proposing an additional dwelling, the installation of a separate 5/8-inch meter will be required. Water can be made available from the Department's existing 8-inch waterline within Holoholo Street or an existing 4-inch waterline within Ilau Street, fronting the subject parcel.

Therefore, the Department has no objections to the proposed application, subject to the applicant understanding and accepting the following conditions:

1. Installation, by the Department of Water Supply, of a 1-inch service lateral to service a 5/8-inch meter, which shall be restricted to a maximum daily-flow of 600 gallons.
2. Remittance of the following charges, which are subject to change, to our Customer Service Section:

FACILITIES CHARGE (FC):

2 nd service to the parcel	\$5,500.00
---------------------------------------	------------

SERVICE LATERAL INSTALLATION CHARGE:

<u>Install one meter on a County road</u>	<u>\$2,600.00</u>
Total (Subject to Change)	\$8,100.00

3. Installation of a backflow prevention assembly (reduced pressure type) by a licensed contractor on the applicant's property within five (5) feet of the meter. If the existing meter does not have an approved backflow prevention assembly, the installation of one will also be required as there is existing or proposed agricultural activity on the property. The installation of the backflow prevention assemblies must be inspected and approved by the Department before water service can be granted. A copy of our backflow prevention handout is being forwarded to the applicant to help them understand this requirement.

Should there be any questions, please contact Mr. Ryan Quitoriano of our Water Resources and Planning Branch at 961-8070, extension 256."

- b. Department of Health (DOH) memorandum dated June 8, 2010:

"We recommend that you review all of the Standard Comments on our website: www.hawaii.gov/health/environmental/env-planning/landuse/landuse.htm. Any comments specifically applicable to this project should be adhered to.

The same website also features a Healthy Community Design Smart Growth Checklist (Checklist) created by Built Environment Working Group (BEWG) of the Hawaii State Department of Health. The BEWG recommends that state

and county planning departments, developers, planners, engineers and other interested parties apply the healthy built environment principles in the Checklist whenever they plan or review new developments or redevelopments projects. We also ask you to share this list with others to increase community awareness on healthy community design.”

Decision:

In view of the above, your request to construct an **Additional Farm Dwelling** on the property is approved subject to the following conditions:

1. The AFD shall only be used to provide shelter for persons involved in the agricultural or farm-related activity on the building site. Family members who are not engaged in agricultural or farm-related activities are allowed to reside in the farm dwelling.
2. The agreement shall run with the land and apply to all persons who may, now or in the future, use or occupy the additional farm dwelling. The enclosed AFD Agreement must be returned to the Planning Department with the appropriate notarized signatures along with a check made out to the Bureau of Conveyances in the amount of \$30.00 in accordance with the enclosed AFDA Instructions. The Planning Department will not approve a building permit application for the additional dwelling until the AFDA document and all required attachments have been accepted for recordation.
3. All other applicable rules, regulations, and requirements of the Planning Department (including but not limited to the Zoning Code, Chapter 25), Department of Public Works, Department of Water Supply, Fire Department and State Department of Health and any other reviewing agencies/divisions listed on the Building Permit (BP) Application shall be adhered to.
4. The applicant is responsible for any State and Federal tax consequences due to the income produced from the farm activity.
5. Your AFDA has been approved based on ongoing agricultural activity as summarized previously in this letter.
6. The First Party shall allow the Second Party or its representative to inspect the farm upon reasonable prior notice.

Ms Kanda-Heath
Page 5
June 23, 2010

7. This AFDA shall be valid for a period of two (2) years from the date of this approval letter to secure a Building Permit for the additional farm dwelling. Failure to secure a BP for this additional farm dwelling on or before June 23, 2012 may cause the Director to initiate proceedings to invalidate the AFDA.

Please feel free to contact Jonathan Holmes of this office at 961-8288 should you have any further questions and/or concerns.

Sincerely,

BJ LEITHEAD-TODD
Planning Director
