Dear Mr. Correa:

**DETERMINATION OF PRE-EXISTING LOTS**  
**TMK: 2-5-03:27**

This is to acknowledge receipt of your letter of August 2, 2001, and documents regarding the subject matter.

Please be advised that we have reviewed the documents submitted, our department records, as well as those of the Real Property Tax Division, and determined that the subject property consists of three (3) separate legal lots of record:

1. Land Patent Grant 4181 – Parcel 27 (Lot 23) consisting of approximately 366 acres;
2. Portion of Land Patent Grant 3989 (Lot 9) consisting of approximately 50 acres; and
3. Portion of Land patent Grant 3990 (Lot 11) consisting of approximately 45 acres.

It is our understanding that, based on this information provided regarding pre-existing lots, you will be submitting an application for consolidation and resubdivision of the subject parcels which would result in the development of specific metes and bounds for the subdivided lots. If consolidation and resubdivision is not the intent, then it is recommended that a modern metes and bounds survey be conducted for a more accurate and current land area determination and that a map reflecting this information be submitted for certification.

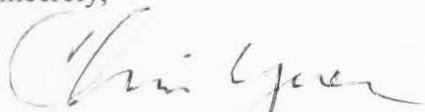

A request for separate tax map key parcel numbers should be in writing to the Real Property Tax Division.
