Dear Mr. Moore:

**DETERMINATION OF PRE-EXISTING LOTS**  
**TMK: 5-6-01:18**

This is to acknowledge receipt of your letter of February 15, 2000, and documents regarding the subject matter.

Our previous letter of November 3, 1999, recognized ten (10) separate legal lots of record. With this additional information, please be advised that we have reviewed the documents submitted, our department records, as well as those of the Real Property Tax Division, and determine that the subject property consists of twenty-four (24) separate legal lots of record. That is, the Railroad Lot Right-of-Way extends across the following previously recognized lots into three (3) additional lots of record:

1. Grant 1549;
2. Land Patent S-8650, L.C. Aw. 11216:29 (portion);
3. Grant 751 (portion);
4. Land Patent S-8650, L.C. Aw. 11216:29 (portion);
5. Grant 2127 (portion);
6. Grant 2583 (portion); and
7. Grant 2397 (portion).

It is our understanding that, based on this information provided regarding pre-existing lots, you will be submitting an application for consolidation and resubdivision of the subject parcels which would result in the development of specific metes and bounds for the subdivided lots. If consolidation and resubdivision is not the intent, then it is recommended that a modern metes and bounds survey be conducted for a more accurate and current land area determination and that a map reflecting this information be submitted for certification.

A request for separate tax map key parcel numbers should be in writing to the Real Property Tax Division.

Should you have any questions, please feel free to contact Ed Cheplic of this department.

Sincerely,

VIRGINIA GOLDSTEIN  
Planning Director
