Dear Mr. Unger:

DETERMINATION OF PRE-EXISTING LOTS
TMK: 8-6-007:040 & 041 (Formerly Portions Of 8-6-007:008)

This is to acknowledge receipt of your letter of October 28, 2005, and documents regarding the subject matter. Although our research was done several years ago, we regret that our response "dropped through the cracks" and apologize for the extreme tardiness of this correspondence.

Please be advised that we have reviewed the documents submitted, our department records, as well as those of the Real Property Tax Division, and determined that the subject property consists of seven (7) separate legal lots of record:

All are former Portions of Parcel 008, created as the result of Hawai'i Belt Road Federal Aid Project 8-B:

1. Portion of Lot 2 & 3 (T.K.R. Amalu & Mekealaina) (one lot of record), area not available;
2. Portion of Lot 8 (Haahea), area not available;
3. Portion of Lot 9 & 10 (T.K.R. Amalu) (one lot of record, area not available);
4. Portion of Lot 11 (Kaumu), area not available;
5. Portion of Lot 12 (J. Kauwe), area not available;
6. Portion of Lot 13 (D.H. Nahinu), area not available; and
7. Portion of Lot 14 (John Nahinu), area not available.

It is our understanding that, based on this information provided regarding pre-existing lots, you may be submitting an application for consolidation and resubdivision of the subject parcels which would result in the development of specific metes and bounds for the subdivided lots. If consolidation and resubdivision is not the intent, you may want to have a modern metes and bounds survey be conducted for a more accurate and current land area determination and that a map reflecting this information may be submitted for certification.
