Layer Name: Banyan Drive_HRA

Layer Type: Polygon

Description: Banyan Drive – Hawaii Redevelopment Agency

Projection: Stateplane, Zone 1 (Feet)

Datum: NAD 83 (North American Datum, 1983)

Source: County of Hawaii, Planning Dept.; boundaries defined according to Resolution 481-16, adopted on April 6, 2016. No incentives are given for the lessees of the State owned properties in the area to make improvements to existing infrastructure and facilities, therefore creating a “blighted area”. The resolution allows for the creation of the Banyan Drive Hawaii Redevelopment Agency (BDHRA) as an opportunity for the County to effectuate a revitalization and redevelopment of these properties and facilities.

History: GIS data created by the County of Hawaii, Planning Dept. in June 2016; using ArcGIS 10.3.1. County of Hawaii Parcel Data layer was a background used to define the BDHRA boundary area. Data edits prepared in ArcGIS Pro.
