

Revised April 28, 2023

Name: Planning Enforcement

Layer Type: Point

Description: Location points of Planning Enforcement sites for the island of Hawaii.

Source: County of Hawaii, Planning Department

History: Created by the County of Hawaii, Planning Department, Zoning Inspectors. It is intended for in-house use only in tracking Zoning Code Violations status by TMK. Point data used in this map were added using the County of Hawaii Parcel Data Layer as a background coverage to identify its' specific location by tax map key description.

Attributes:

ZCV	Zoning Code Violation file number
TMK	Tax Map Key location
Status	Case OPEN or CLOSED

Note: This data layer is intended for planning purposes only and should not be used for boundary interpretations or other spatial analysis beyond the limitations of the data.

The 'Planning Enforcement' data layer is parcel-specific when attempting to identify its' location. However, users should be aware that subsequent subdivision of parcels would change the tax map key numbers. Updates will occur to address this issue as time permits.
