Dear Ms. Youle:

Pursuant to Article 25 of the Zoning Code, the subject application has been reviewed by all of the concerned agencies, and the following are our findings:

1. The subject property is served by an acceptable street.
2. The application can meet with the State Department of Health wastewater treatment and disposal systems requirements.
3. The copy of a recorded Warranty Deed dated July 3, 1985 and other related attachments received on August 26, 1985 by this office do not contain any restrictive covenants prohibiting the proposed additional dwelling.
4. Submitted plans include two off-street parking stalls on the property.

Based on the above, you are hereby granted approval to permit the construction of an Ohana Dwelling, subject to the following condition(s):

- (1) The building permit for the Ohana Dwelling shall be secured within two (2) years of the date of this Permit. Should you fail to comply with the timetable, this Ohana Dwelling Permit shall be automatically voided.
