Kailua, Kona, HI 96745

Dear Mr. Conventz:

SUBJECT: VARIANCE APPLICATION – VAR-10-011
Applicant: KLAUS D. CONVENTZ
Owners: GREGORY H.K. KIM & LYNN M. KIM
Request: Variance from Chapter 25, zoning, Article 5, Division 7, Section 25-5-76, Minimum Yards, (a), Section 25-5-77 Other regulations, and Article 4, Division 4 Section 25-4-44, Permitted projections into yards and open space requirements
TMK: 7-3-035:005, LOT 193

After reviewing your variance application, the Planning Director certifies the **approval** of Variance No. 10-011 (VAR: 10-011), subject to variance conditions. The variance will allow portions of the "single Family Dwelling and attached garage constructed on Lot193 with a 7.8 to 7.9 feet side yard setback and attendant 4.1 feet side yard open space, in lieu of the minimum 10.00 feet side yard setback, and attendant minimum 5.00 feet side yard open space requirement to remain upon the subject property in accordance with the recent survey map. The variance is from the subject property's minimum side yard pursuant to the Hawaii County Code, Chapter 25, Zoning, Article 5, Division 1, Section 25-5-7, Minimum yards, (1)(A). Minimum yards, (a), Section 25-5-77 Other regulations, and Article 4, Division 4, Section 25-4-44, Permitted projections into yards and open space requirements, (a).

BACKGROUND AND FINDINGS

1. **Location.** The subject property, consisting of approximately 10,210 square feet of land, is situated within the Kona Palisades Subdivision, Unit II, Kalaoa 5th, North

JUN 10 2010

Kona, Hawai'i. The subject property's street address is 73-1228 Ka'imani Street.

2. **Zoning:** The subject property is zoned Agricultural – 5 acres (A-5a) by the County and designated Urban or U" by the State Land Use Commission (LUC).
3. **Variance Application-Site Plan.** The owner submitted the variance application, attachments, and filing fee on April 13, 2010 and other submittals related to the variance request and variance application. The variance application's site plan map is drawn to scale and prepared by Wes Thomas and Associates. The variance site plan or survey map denotes that portions of the Single Family Dwelling and attached garage built into the minimum 10 feet side yard setback.
4. **County Building Records:**
 - a. Hawai'i County Real Property Tax Office records indicate that a building permit (03306) was issued on December 5, 1978 for the construction of a single story dwelling consisting of 4 bedrooms, 2 baths.
5. **Variance Application (VAR: 10-011)-Agency Comments and Requirements:**
 - a. The State Department of Health (DOH) memorandum dated May 17, 2010 states:

“The Health Department found no environmental health concerns with regulatory implications in the submittals.”
 - b. The Department of Public Works (DPW) Memorandum dated May 19, 2010 states:
 1. “Building shall conform to all requirements of code and statutes pertaining to building construction,”
 2. The applicant shall remove any encroachments or obstructions within the County right of way.
6. **Notice to Surrounding Property Owners.** A copy of first and second notices was sent by the applicant via USPS to surrounding property owners. According to the affidavit submitted to the Planning Department, the first notice was mailed on April 13, 2010 and the second notice was mailed on May 17, 2010, respectively. Notice of

Klaus D. Conventz
Baumeister Consulting
Page 3
June 7, 2010

this application was published in the Hawaii Tribune Herald and West Hawaii Today on May 13, 2013.

7. **Comments from Surrounding Property Owners or Public.** No written comments or objections from surrounding property owners or general public were received by the Planning Department.

SPECIAL AND UNUSUAL CIRCUMSTANCES

The applicant submitted the variance application to address and/or resolve the existing single story dwelling encroachments within the property's minimum 7.8 feet to minimum 7.9 feet side yard to remain upon the subject property in accordance with recent survey map. The variance application's site plan denotes the location of the single story dwelling situated on "Lot 193". Pursuant to the applicant's background information, "The owners were unaware of any encroachment until an "As Built" survey was conducted on March 12, 2010 by Wes Thomas Associates revealing the setback violations. No evidence has been found to show indifference or premeditation by the builder to intentionally construct a portion of the single story dwelling into the property's minimum 10 feet side yard setback and attendant minimum 5 feet side yard open space required by the Zoning Code.

ALTERNATIVES

Alternatives available to the current owners to correct and/or address the building encroachments constructed into the affected side yard and open space of the subject property include the following actions:

Remove the building encroachments and/or redesigning or relocating the as-built single story dwelling constructed upon the subject property to fit within the correct building envelope denoted on the recent survey map as prescribed by the Zoning Code. Any structural or design correction would be expensive and cost prohibitive.

Consolidate the subject property with adjoining property and resubdivide the property to modify property lines and adjust minimum yard setbacks. Given the location of the encroachments (side yard), consolidation/resubdivision with the adjoining property would not be practical.

INTENT AND PURPOSE

The intent and purpose of requiring building setbacks within a subdivision are to assure

Klaus D. Conventz
Baumeister Consulting
Page 4
June 7, 2010

that adequate air circulation and exposure to light are available between permitted structure(s)/uses and boundary/property lines.

Based on the foregoing findings and unusual circumstances, the applicant's request for variance would be consistent with the general purpose of the zoning district and the intents and purposes of the Zoning Code, Subdivision Code and the County General Plan. Furthermore, the variance request will not be materially detrimental to the public's welfare and will not cause substantial adverse impact to the area's character and to adjoining properties. This can be substantiated, to some degree, by the fact that this office did not receive any complaint from surrounding property owners during the 32 years of existence of the structure. Also, no comments or objections were received from the surrounding property owners or general public in response to the Notification of Surrounding Properties Owners.

PLANNING DIRECTOR'S DECISION AND VARIANCE CONDITIONS

This variance application is approved subject to the following variance conditions:

1. The applicant/owner, their assigns or successors shall be responsible for complying with all stated conditions of approval.
2. The applicant/owner(s), successors or assigns shall indemnify and hold the County of Hawaii harmless from and against any loss, liability, claim, or demand for the property damage, personal injury, or death arising out of any act or omission of the applicants/owners, their successors or assigns, officers, employees, contractors, or agents under this variance or relating to or connected with the granting of this variance.
4. No permit shall be granted to allow an ohana or second single family or farm dwelling upon the subject property, subject to provisions of the Zoning Code or State law which may be changed from time to time.
5. The existing dwelling constructed upon the subject property ("Lot 193") will not meet the minimum front yard pursuant to Chapter 25, the Zoning Code, according to the variance application's survey map dated March 12, 2010. The approval of this variance permits the existing dwelling to remain upon the subject property or "Lot 193" in accordance to the survey map dated March 12, 2010.

6. Future or new building improvements and permitted uses shall be subject to State law and County ordinances and regulations pertaining to building construction and building occupancy.

Should any of the foregoing variance conditions not be complied with, the Planning Director may proceed to declare subject Variance-VAR 10-011 null and void.

Sincerely,

BJ LEITHEAD TODD
Planning Director
