8. 108° 40' 49" 487.72 feet;
 9. 135° 00; 1,464.12 feet along Lot A (100 foot wide road reserve) and along remainder of R. P. 8214, L. C. Aw. 7715, Apana 11 to Lota Kamehameha to the point of beginning and containing an area of 74.000 Acres, more or less.

All as outlined in red on the map attached hereto, marked Exhibit "A" and by reference made a part hereof.

SECTION 2. This change in district classification is conditioned upon the following: (A) the zoning for the property shall be effective only after (1) there are assurances satisfactory to the Departments of Water Supply and Planning, upon consultation with the State Department of Health, and the Division of Water and Land Development of the State Department of Land and Natural Resources, that a water source of sufficient quality and quantity has been established within two years from the effective date of this ordinance; provided that a maximum one-year extension to the two-year time limit may be granted by the Planning Director with reasonable and sufficient justification; and (2) an agreement, accompanied by an appropriate surety bond or other acceptable security, is executed of a proven water source and its water transmission and distribution system within one year from the official date of compliance with condition A(1); provided that a one-year extension to the one-year time limit may be granted by the Planning Director with reasonable and sufficient justification; or (3) the department of Water Supply issues a water commitment for the proposed development; (B) no subdivision or development of any portion of the land shall occur unless and until condition A has been complied with; (C) the Planning Director shall be mandated to initiate action for the repeal of this ordinance if conditions A or B have not been complied with; (D) the petitioner, its assigns or successors, shall be

responsible for complying with all conditions of approval;

(E) the subject area shall be zoned in two increments. The first increment shall consist of 13 lots. The second increment shall include the remaining area. The zoning of the second increment shall become effective upon final subdivision approval of the first increment and it shall be demonstrated to the satisfaction of the Planning Director that substantial agricultural activity is being conducted on the land in the first increment. For the purpose of this condition "agriculture" shall be defined as the cultivation of crops, including but not limited to flowers, vegetables, foliage, fruits, forage and timber; game propagation; raising of livestock, including but not limited to poultry, bees, fish or other animal or aquatic life that are propagated for economic or personal use. An agricultural activity will be considered substantial: (1) if such activity is implementing a conservation program for the affected property(ies), as approved by the applicable soil and water conservation district directors and filed with the Soil Conservation Service; (2) if it provides a major source of income to the person(s) who reside on the property; or (3) if the property is dedicated for agriculture uses in accordance with applicable Tax Department procedures and that such agriculture dedication shall be made a deed covenant and duly recorded with the Planning Department and Bureau of Conveyances. The execution of a Farm Dwelling

Agreement may also suffice in lieu of the above requirements. Each lot in the previous increment must comply with one or more of the above requirements prior to the effective zoning of the successive increment; (F) subdivision plans for each increment shall be submitted within one year from the effective date of the change of zone for that increment. Final subdivision plans for each increment shall be submitted within one year from the effective date of tentative subdivision approval for that increment; (G) a comprehensive drainage master plan, meeting with the approval of the Department of Public Works, shall be submitted prior to receipt of final subdivision approval of the first increment. Further, a drainage system in accordance with the requirements of the Department of Public works shall be installed; and (H) all other County and State rules, regulations, and requirements shall be complied with. Should any of the foregoing conditions not be met, rezoning of the area to its original or more appropriate designation may be initiated.

SECTION 3. In the event that any portion of the ordinance is declared invalid, such invalidity shall not affect other parts of this ordinance.

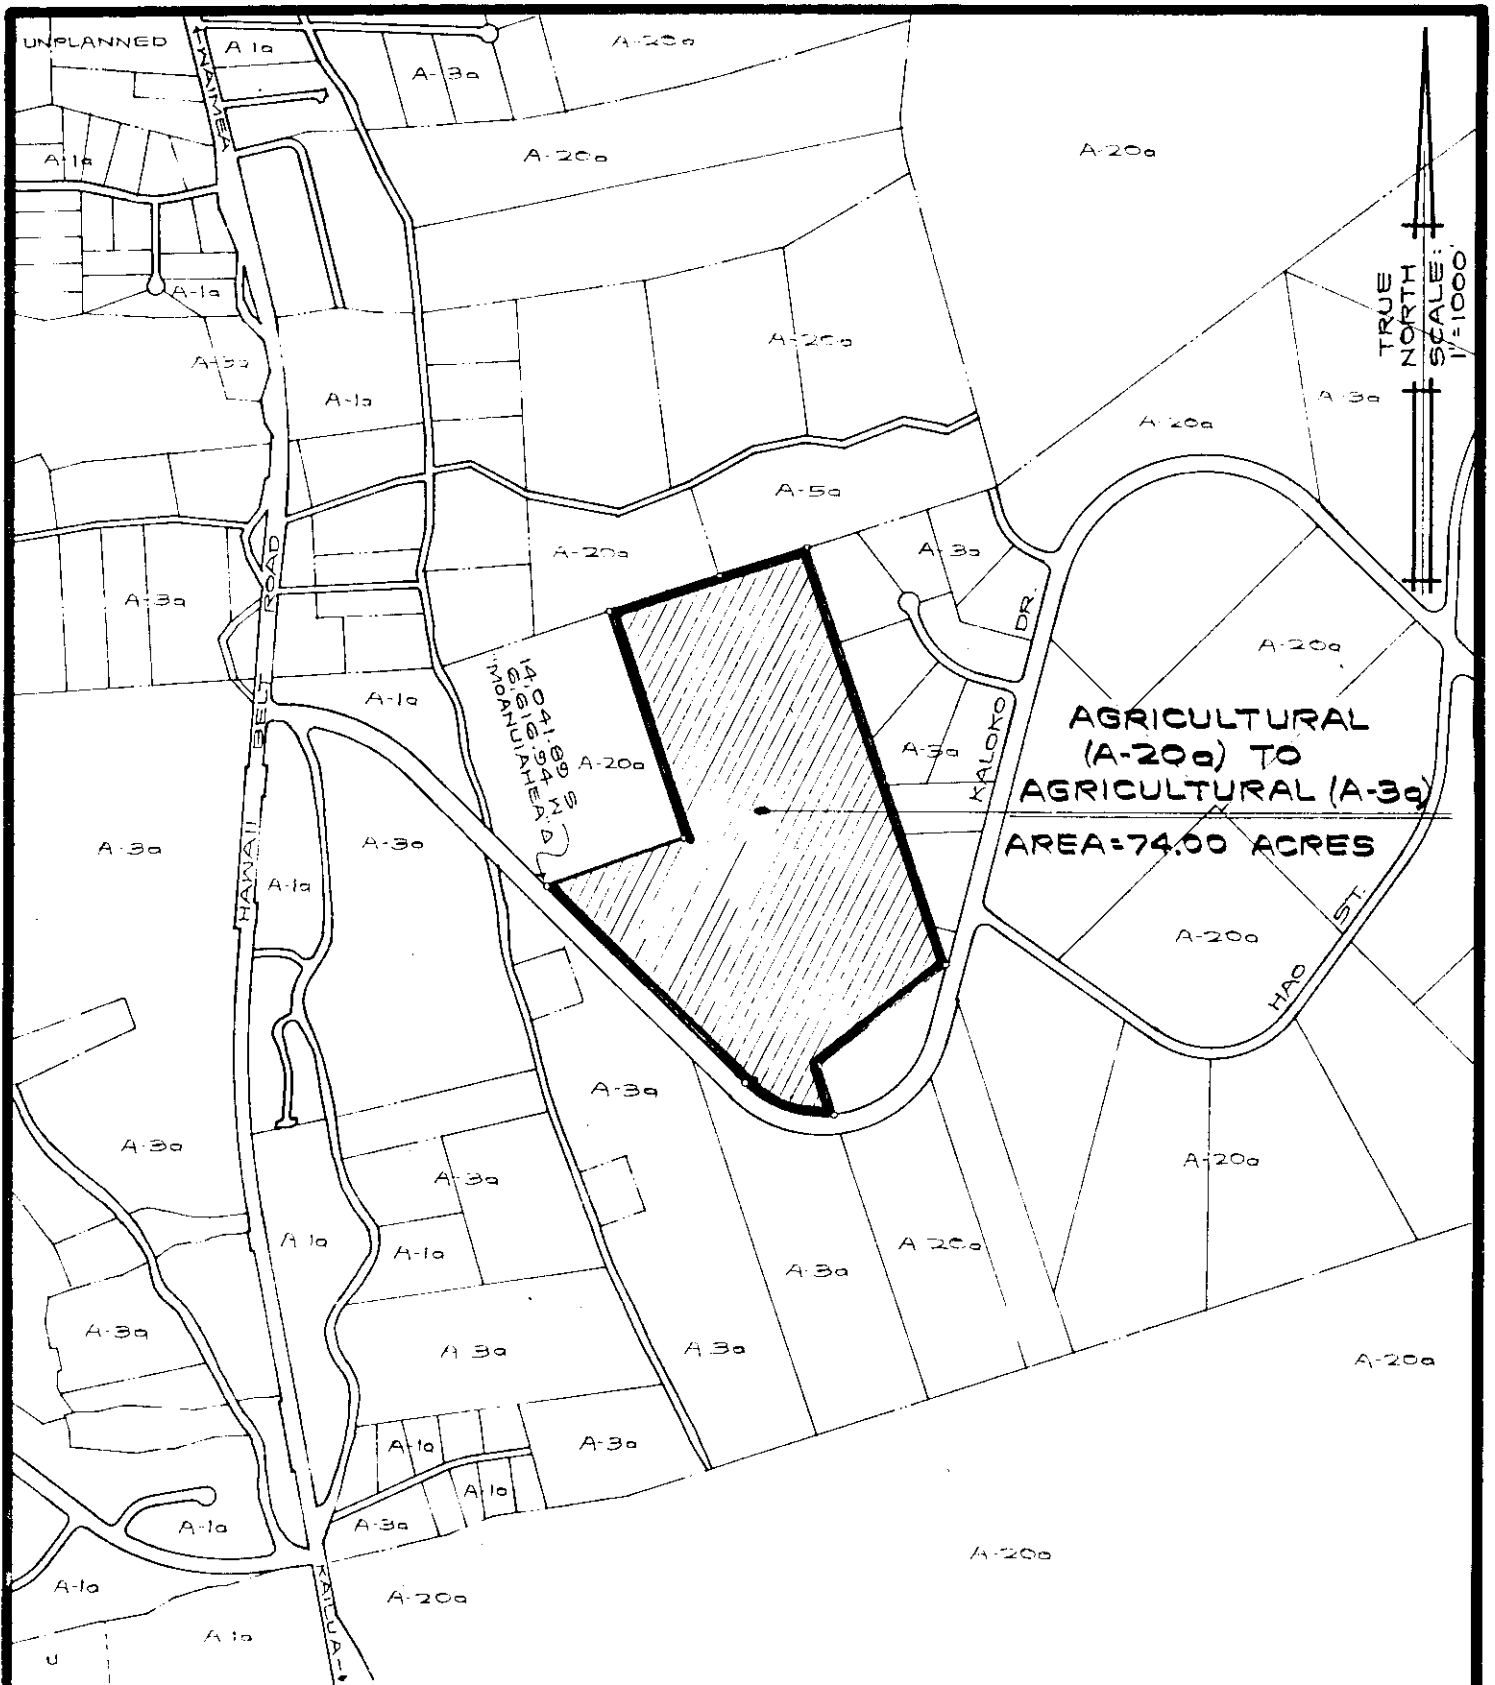

SECTION 4. This ordinance shall take effect upon its approval.
