Dear Mr. Fuke:

Subject: BOUNDARY INTERPRETATION No.: 00-44 for Tax Map Key No.: 9-5-14: 6, 7, & 29, Honu`apo, Ka`u, , Hawai`i

Pursuant to your letter received on November 13, 2000, requesting a boundary interpretation for the subject parcels, please be advised that we have determined an approximate location of the State Land Use (SLU) Agricultural / Conservation District boundary.

Our determination is based on the Commission's records and official maps currently on file at our office and the maps that you provided. For your information, the Agricultural / Conservation District boundary relative to the subject parcels was established on August 4, 1969, as part of the Five-Year Boundary Review.

For a more precise determination of the SLU Agricultural / Conservation District boundary for the subject parcels, we would require a valid shoreline survey certified by the Chairperson of the Board of Land and Natural Resources. This survey should include information relating to the location of contour lines, triangulation stations, the fishpond as it existed in 1969, and other landmarks that would support the location of the SLU District boundaries.

A copy of your revised map entitled "Honu`apo Ranch 6 -- Conservation District Boundary Map" with an approximate location of the SLU Agricultural / Conservation District boundary delineated is enclosed for your reference.

If you have any questions, please call Fred Talon at 587-3822.

Sincerely,

Bert Saruwatari  
Acting Executive Officer
