Dear Ms. Belcher:

Subject: Information on TMK 1-4-02: 36, Kapoho, Hawaii

This is in response to your letter dated October 18, 2000, requesting information on the conservation status of the subject parcel and any other information relating to said parcel.

Based on review of the Commission's official maps and records in our office, we have determined that with the exception of the fishpond, the subject parcel is designated within the State Land Use Urban District. The fishpond, as shown on the enclosed portion of the official map (H-73, Kapoho), is designated within the State Land Use Conservation District. For your information, the fishpond was placed within the Conservation District on August 4, 1969, as part of the Five-Year Boundary Review.

For a more precise determination of the location of the Urban/Conservation District boundary relative to the subject parcel and fishpond, we would require a survey map of the parcel depicting the boundary of the fishpond in metes and bounds as it existed in 1969.

As requested, we are providing copies of this letter to the County of Hawaii Planning Department, U.S. Army Corps of Engineers, and the State Department of Health for their information. Copies of this letter will also be forwarded to the State Department of Land and Natural Resources and the County of Hawaii Real Property Tax Office.
