RE: SMA use Permit Assessment Application for the Construction of a Single Family Dwelling on the Island of Hawaii, TMK (3)-5-7-001:011

Dear Mr. Yuen,

We received your letter dated January 12, 2006 regarding our intentions to pursue the SMA Use Permit. As you may recall, our initial goal was to not only build a single family dwelling for our family, but also to develop other buildings (canoe house and gathering area) to be used for Hawaiian Cultural activities by the Hawaiian people. However, DLNR had informed us that on conservation land these activities would not be permitted. Additionally, those dwellings would have exceeded the allowable 5000 sq. ft. development permitted on conservation land.

During a phone conversation with Mr. Jeff Darrow this morning, he had suggested that we withdraw our request for an SMA at this time until we can submit our updated plans for a single family dwelling. We agree that it would be best not to pursue an SMA until our plans conform to existing regulations. When our updated site plans are finished, we will submit those plans to you including a new SMA Assessment Applications.

Thank you so much for your time and effort on our behalf.

Sincerely,

Bob & Nalani Reish
