Special Management Area Minor Permit No. 12-000210

Project: Installation of Unmanned Telecommunications Facility and Proposed Improvements
Applicant: T-Mobile West Corporation
Owner: Hapuna Beach Prince Hotel Corporation
Location: Ouli, South Kohala, Hawai'i
TMK: (3) 6-6-002:037 **Land Area:** 32.69 acres

Applicant's Request

1. Project Description:

The applicant proposes to install a digital voice and data wireless communication service consisting of panel antennas and related facilities on the roof of the existing Hapuna Beach Prince Hotel. The unmanned facility will consist of three (3) new panel antennas, two (2) Base Transceiver Stations (BTS), five (5) compact ancillary equipment cabinets, one (1) E911 Global Positioning System (GPS) antenna, and coaxial cables to connect the equipment cabinets with the antennas. There would be no grading, additional parking or ground disruption required to build or operate this site as all equipment is located on the roof of the existing hotel.

2. Purpose of Project:

T-Mobile's main objective is to provide improved wireless cellular service for their Big Island customers as well as the many visitors to the island. The proposed installation is in response to customer's requests for improved service at the hotel and nearby areas. The site is vital to T-Mobile's network design along the Kohala coast.

3. Project Valuation: \$47,000

4. Determination:

According to Chapter 205A-22, HRS, and Planning Commission Rule No. 9-4(e) (1) (E) relating to the Special Management Area, the "*Construction, reconstruction, demolition, or alteration of the size of any structure*" is defined as "development."
