Dear Mr. Karataev:

SUBJECT:	Special Management	t Area (SMA) Use Permit Assessment Application
		(PL-SAA-2022-000128)
	Special Management Area (SMA) Minor Permit	
		(PL-SMM-2023-000040)
	Applicant:	Dmitrii Karataev
	Landowner:	Dmitrii Karataev and Ekaterina Ageeva
	Request:	Proposed Tree Removal, Grubbing and Grading Activities
	Tax Map Keys:	(3) 1-5-058:018, Keaau, Puna, Island of Hawai'i

We have reviewed the subject Special Management Area Use Permit Assessment Application (PL-SAA-2022-000128) received by this office on October 28, 2022; additional information was submitted to this office on January 31, 2023.

The total land area of approximately 0.50-acre is zoned Agricultural-1 acre (A-1a) by the County and designated as Agricultural by the State Land Use Commission (LUC). The subject parcel is designated as "Rural" (rur) by the Hawai'i County General Plan Land Use Pattern Allocation Guide (LUPAG) map. The entire subject parcel is located within the Special Management Area (SMA); however, it is not considered a "shoreline parcel" as defined by Section 205A-41, Hawai'i Revised Statutes (HRS).

Proposed Project:

The applicant is proposing tree removal, gubbing and minor grading activities.

Purpose of Project:

The purpose of the proposed tree removal, grubbing and grading activities is to remove heavy and extensive overgrowth occurring within the Project Site and to establish a scheduled maintenance

program that will deter unpermitted activities, such as squatting, littering and other illicit activities. All grubbed material will be disposed of at the County's landfill.

Hawai'i Revised Statutes (HRS) Ch. 343 Determination:

The proposed project does not meet any of the triggers for environmental review in Hawai'i Administrative Rules (HAR) Section 11-200.1-9 (Applicability of Chapter 343, HRS, to applicant actions) and HRS Chapter 343-5, thus an environmental document is not required.

Special Management Area Determination:

According to Hawai'i Revised Statutes (HRS) Chapter 205A-44 and Planning Commission (PC) Rule No. 9-4(e)(1)(E), "development" includes "*Grading, removing, dredging, mining or extraction of any materials.*" Therefore, the proposed tree removal, grubbing and grading is considered to be development and will require a review against the Special Management Area rules and regulations.

We find that the proposed project is not exempt from the definition of "development;" however, the project will not have a cumulative impact or a significant adverse environmental or ecological effect on the SMA. Therefore, pursuant to Planning Commission Rule Section 9-10(e), Special Management Area Minor Permit No. PL-SMM-2023-000040 is hereby issued for the project as described above. It is the applicant's responsibility to read and comply with the conditions listed in the enclosed permit.

While further review of the proposed project against the Special Management Area rules and regulations will not be required, all other applicable Zoning Code and Building Code requirements must be satisfied. Additionally, any future development or activities not included in this approval shall require further review and approval as provided under Chapter 205A, HRS and Rule 9, Planning Commission Rules of Practice and Procedure.

If you have questions regarding this document, please contact Tracie-Lee Camero of this office at (808) 961-8166 or via email at <u>Tracie-Lee.Camero@hawaiicounty.gov</u>.

Sincerely,

Jeffrey W. Darrow for
