Dear Sirs:

I have been in contact with planners for Kamehameha Schools regarding their proposed Hale o Ho'oponopono School since its inception.

They have incorporated our suggestions regarding design, roof line, and color. Further, we are able to handle sewage load anticipated by this development. Use of Pu'uho'ou o Honaunau National Historical Park parking lot seems workable for the foreseeable future.

The education programs of Kamehameha Schools at this site is compatible with the interpretive programs of the park.

Sincerely,

Bryan Harry
