PLANNING DEPT.
COUNTY OF HAWAII

November 19, 1998

Property Owner/Lessee:

Subject: Special Management Area Use Permit Application (SMA 98-8)
Applicant: Department of Parks and Recreation, County of Hawaii
Request: Construction of New Restroom Facilities & Related Improvements
Tax Map Key: 8-6-13: 20-25

Please be advised that the above-described Special Management Area Use Permit application has been filed with the Hawaii County Planning Department on November 2, 1998. The applicant is required to serve notice of the application to all owners of property within 500 feet of the perimeter boundary of the building site. (See attached site plan and tax plat map)

The SMA Use Permit application has been submitted to allow the construction of new restroom facilities and related improvements at the Hookena Beach Park situated at Kauhako, South Kona, Hawaii. Other improvements will include construction of accessible pathways, selective clearing of the property for park use and conversion of the existing restroom facility to a pavilion.

The new restroom facility will have two (2) waterclosets and one (1) lavatory for women and one (1) watercloset, one (1) urinal and one (1) lavatory for men. The building will have CMU walls with corrugated metal roofing over light gauge steel framing and will be constructed to meet Americans with Disabilities Act Accessibility Guidelines (ADAAG). The new restroom facility will have an area of approximately 550 square feet and will include a small storage room. Two (2) outside shower heads will be provided along the southern wall of the facility.

The septic system serving the facility will consist of one (1) concrete circular septic tank, twenty-six (26) lineal feet of six (6) inch P.V.C. sewerline and a leaching bed with an area of approximately one thousand seven hundred (1,700) square feet. The septic tank will have a diameter of six (6) feet, depth of six (6) feet and a capacity of one thousand forty-two (1,042) gallons. The leaching bed will be excavated to a depth of approximately six (6) feet and will contain a three (3) foot bottom layer of one (1) inch minus cinder, a one (1) foot layer of one half (1/2) inch to three fourth (3/4) inch drain rock and two (2) feet of planter material topped with grass upon completion.

The proposed project has an estimated cost of \$350,000 and will be completed within one (1) year from the date of receiving all necessary permit approvals.

Please be advised that as a landowner or lessee, you have a right to submit a written request for a contested case procedure. Should you seek to intervene as a party, you must file a written request on a form, "Petition for Standing in Contested Case Hearing", which is available at the Hawaii County Planning Department's offices in Hilo and in Kailua-Kona. The request must be filed with the Planning Commission at 25 Aupuni Street, Room 109, Hilo, Hawaii 96720; and accompanied by a filing fee of \$100 payable to the Director of Finance. The required information must be filed no later than seven (7) calendar days, prior to the Commission's first scheduled public hearing to consider the application. You will be sent a second notice informing you of the date, time and place of the public hearing at least twenty (20) days prior to the date of the scheduled hearing. Should you choose not to submit a written request for a contested case procedure, you may express your support or opposition to the subject application in writing or by oral testimony at the Planning Commission public hearing.

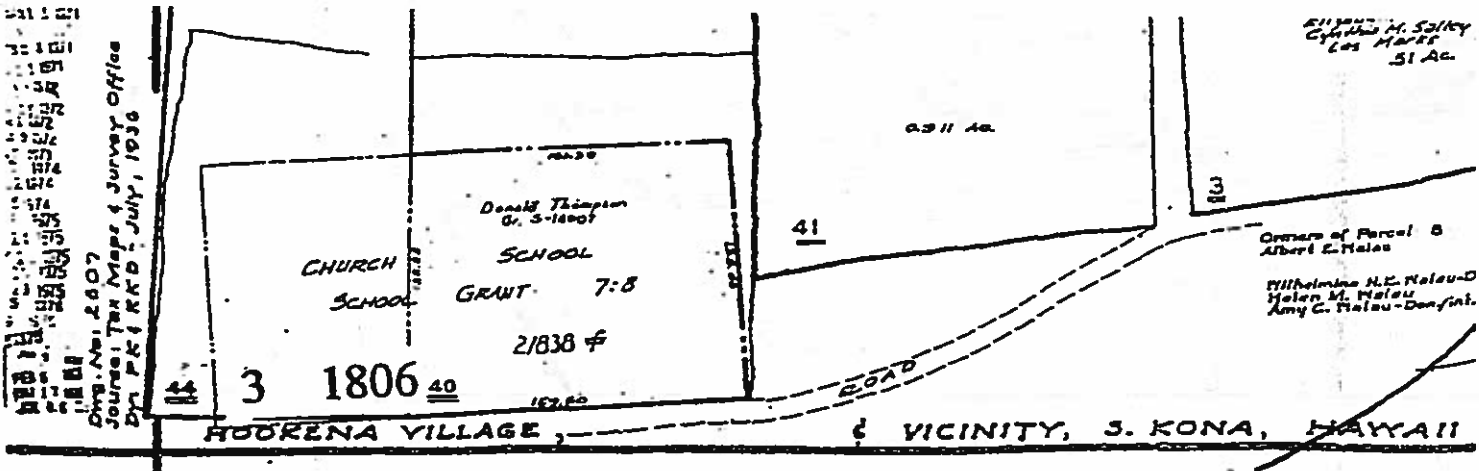

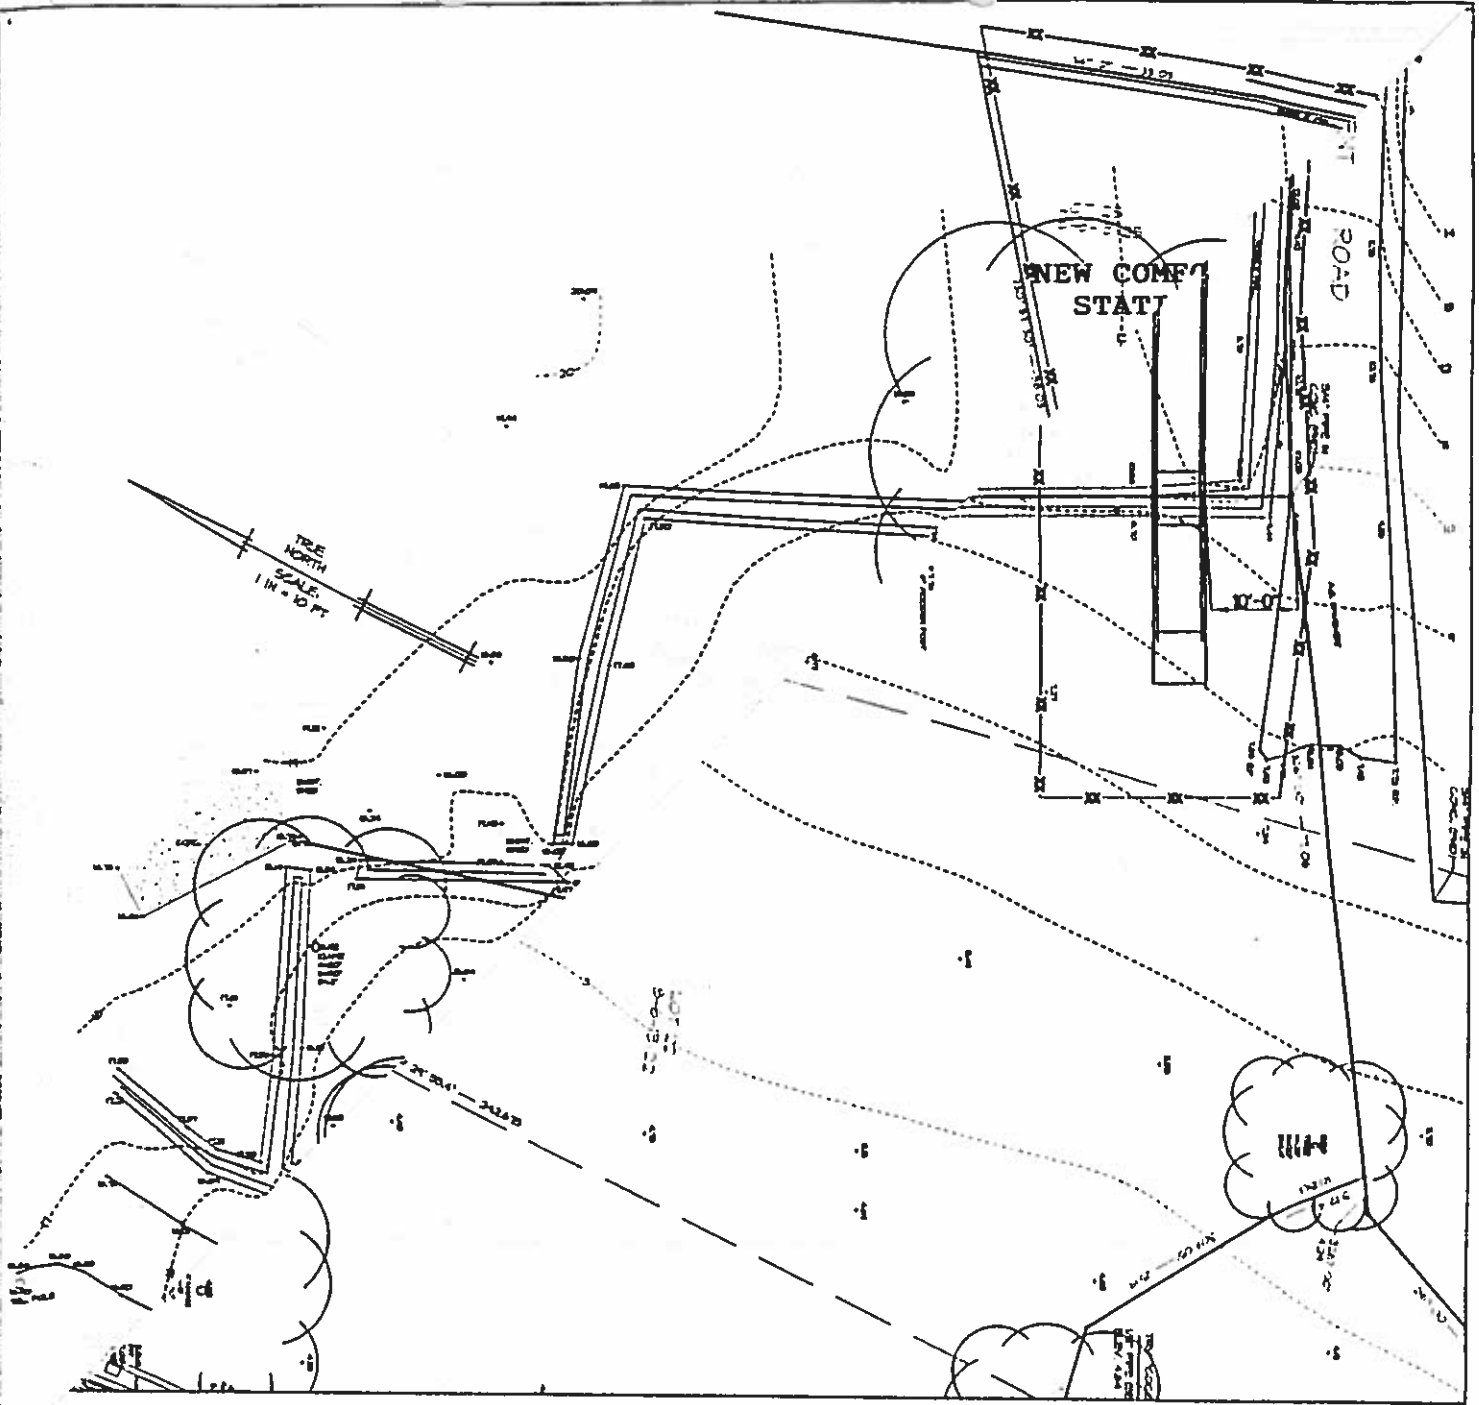

Should you have any questions regarding this matter, you may contact me at (808) 935-7692, or Glenn Miyao at the Department of Parks and Recreation, (808) 961-8311. Additional information regarding the subject application is on file with the Planning Department in the County Building at 25 Aupuni St., Room 109, Hilo, Hawaii and the Planning Department's est Hawaii Office in the Hanama Place Office Building, 75-5706 Kuakini Highway, Suite 108, Kailua-Kona, Hawaii.

Sincerely,

Brian T. Nishimura
Planning Consultant
