Dear Ms. Leithead Todd:

The owners of the subject parcels have been working with the State Historic Preservation Division (SHPD). The owner's archaeologist has received confirmation from SHPD that the archaeological sites and preservation easements shown on the map meet with their approval. We have also received acknowledgment that the map meets with the approval of Planning Department staff member Larry Brown.

As such, with this letter we are transmitting 10 prints of the **REVISED FINAL PLAT MAP** dated April 6,2012.

It is our understanding that once the Public Access Plan and the Shoreline Public Access Agreement meet the approval of the Planning Department that the application will be ready to receive final subdivision approval.

If you have any questions, or need any additional information, please feel free to contact the undersigned at 329-2353.

Very truly yours,

WES THOMAS ASSOCIATES
