Dear Mr. Fuke:

Thank you for your request of March 20, 1986 regarding a consolidation of property within conservation district.

In your letter, you stated that Lot D of the attached subdivision map will be subdivided into Lot D-1 and D-2. A portion of Lot D-2 is located within Conservation District. Lot 1 is entirely located within Conservation District and will be consolidated into Lot D-2. The action within Conservation District only involves consolidation as the subdivision of Lot D occurs outside of Conservation District.

On that basis, we have determined that no Conservation District Use Application is necessary because no additional lots will be created.

Very truly yours,

SUSUMU ONO, Chairperson
Board of Land and Natural Resources
